EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kevin Radigan (Registration No. 31,789) on November 23, 2005.

The application has been amended as follows:

Claims 30-34, at line 1 of each claim, "machine-readable" has been changed to -- computer-readable --.

The following is an examiner's statement of reasons for allowance: Applicant's remarks on pages 2-10 of the amendment filed September 26, 2005 are deemed persuasive. The prior art does not appear to disclose or suggest "converting the first plurality of intensities into a second plurality of pels having a second plurality of intensities, wherein said second plurality of intensities (lout) are chosen from L intensity levels, where $L < K$, and wherein the number of pels of the first plurality of pels is equal to the number of pels of the second plurality of pels," as recited in base claim 1, and as similarly recited in base claims 16, 28 and 30.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
